PART 1
GENERAL PRINCIPLES

AIM AND BASIS

Aim
1. The aim of the Association is to develop good citizenship among boys by forming their character -- training them in habits of observation, obedience, and self-reliance --, inculcating loyalty and thoughtfulness for others --, teaching them services useful to the public, and handicrafts useful to themselves --, promoting their physical, mental, and spiritual development.

Basis
2. The principles of the Association are founded on the basis of the Scout Promise and the Scout Law.

THE SCOUT PROMISE

Scouts
3. On investiture, the Scout makes the following promise:--
   "On my Honour I promise that I will do my best---
   To do my duty to God and the King,
   To help other people at all times,
   To obey the Scout Law."

Cubs
4. On investiture, the Cub makes a simpler form of promise:--
   "I promise to do my best---
   To do my duty to God and the King,
   To keep the law of the Wolf Cub Pack, and to do a good turn to somebody every day."

Rovers
5. On investiture, the Rover makes, or if previously a Scout, re-affirms, the promise as in Rule 3.

Scouters
6. Scouters to whom warrants are issued for the first time make, or re-affirm, the promise as in Rule Three.

Other Persons
7. Other persons connected with the Movement may make the promise as in Rule 3.

THE SCOUT LAW

8. The Scout Law is-
   (1) A Scout's Honour is to be trusted.
   (2) A Scout is loyal to the King, his country, his Scouters, his parents, his employers, and to those under him.
   (3) A Scout's duty is to be useful and to help others.
   (4) A Scout is a friend to all and a brother to every other Scout, no matter to what country, class or creed, the other may belong.
   (5) A Scout is courteous.
   (6) A Scout is a friend to animals.
   (7) A Scout obeys the orders of his parents, Patrol Leader, or Scoutmaster without question.
   (8) A Scout smiles and whistles under all difficulties.
   (9) A Scout is thrifty.
   (10) A Scout is clean in thought, word, and deed.
The Law of the Wolf Cub Pack
9. The Law of the Wolf Cub Pack is-
   (1) The Cub gives in to the Old Wolf.
   (2) The Cub does not give in to himself.

RELIcIOUS POLICY
Policy
10. The following religious policy has received the approval of the heads of all the leading
denominations of religion in the Kingdom.
   (1) It is expected that every Scout shall belong to some religious denomination and attend
   its services.
   (2) Where a group is composed of members of one particular form of religion, it is hoped
   that the G.S.M. will arrange such denominational religious observances and instructions
   as he, in consultation with its Chaplain or other religious authority may consider best.
   (3) Where a group is composed of Scouts of various religions, they should be encouraged to
   attend the services of their own denominations, and Group church parades should not
   be held. In camp any form of daily prayer and of weekly divine service should be of the
   simplest character, attendance being voluntary.
   (4) Where it is not permissible under the rules of the religion of any Scout to attend
   religious observances other than those of his own church, the Scouters of the group
   must see that such rules are strictly observed while the Scout is under their control.

Church Parades
11. Combined church parades of groups of different denominations are not allowed without
special permission from the D.C. and under no circumstances should a G.S.M. urge Scouts to
attend places of worship other than those of their own denomination.

Scouts' Own
12. Gatherings of Scouts, known by the term, Scouts' Own, are held for the worship of God and to
promote fuller realization of the Scout Law and Promise, but these are supplementary to, and
not in substitution for, the religious observances referred to in Rule 10.

POLITICS
Movement Non-Political
13. The Boy Scouts Association is not connected with any political body. Members of the
Association in uniform, or acting as representatives of the Movement must not take part in
political meetings or activities.

Industrial Disputes
14. The Association being a non-political body; its assistance must not be given to either side in an
industrial dispute. If any recognised public authority announces that voluntary workers are
required to avoid grave public danger or inconvenience resulting from such a situation, there is
no objection to a G.S.M., with the consent of the D.C. offering the assistance of his Troop or
Crew to such authority, so long as no compulsion is brought to bear on any individual Scout or
Rover to volunteer his services, and no penalty attaches to him for not volunteering.
FINANCE

I.H.Q.
15. Apart from any profits arising from its Equipment Department (The Scout Shops), the Boy Scouts Association depends on public support for the expenses of its central office and staff, and general organisation.

A balance sheet and income and expenditure account are published in the Annual Report. Branch Headquarters overseas support themselves, and may require annual registration from members.

I.H.Q. Subscribers
16. Donors of ten guineas and upwards are regarded as Life Associates of the Boy Scouts Association; annual subscribers of one guinea or more are regarded as Associates during the continuance of the subscriptions.

Units
17. Groups, L.As., and County Scout Councils, are expected to support themselves locally; contributions to I.H.Q. are welcome but not obligatory.

18. Groups are not allowed to issue any form of general appeal for funds, unless the D.C. has sanctioned it in view of exceptional circumstances.

Scouts
19. The spirit of the movement is such that, on the part of the boys themselves, money should be earned and not solicited.

Begging, etc.
20. Scouts must not take part in street sales or collections, either for their own funds or for other institutions or charities, nor in any method of touting the public, but they may assist institutions or charities as messengers or in other capacities. They may also assist under proper supervision in the selling of programmes at a fixed price at recognised entertainments.

Illegal and Undesirable Methods
21. All members of the Association, acting as such, must observe the provisions of rule 20, and must not countenance or be concerned in any public method of raising money for Scout or other purposes which is in any way contrary to the law of the land, or likely to encourage Scouts in the practice of gambling.

Registration - Controlled Groups

179.

(1) The following bodies, together with any others which may from time to time be approved for the purpose by I.H.Q., are entitled to apply for a special registration of Groups which they raise:--

Churches of any denomination; Universities, Colleges, and Schools (see Rule 212); Hospitals and Institutions; Works; and the following organisations: Y.M.C.A., British Legion, Church of England Temperance Society, National Association of Boys Clubs, National Juvenile Templars Council, Society of St. Vincent de Paul in England, Regnal League (for Groups consisting of Troops and Crews only), Toc H.
Registration - effect of control

180. The effect of registration as a controlled Group is as follows:--

1. The Controlling Authority shall not, except as afterwards provided in this rule, admit, in the case of Church Groups, boys who belong to another Church or denomination, or, in the case of groups raised by any of the other bodies specified in Rule 179 (i), boys who belong to some other, similar body.

Non-observance of this provision does not of itself change the nature of the registration, but, if deliberate, forms a valid ground for the recommendation to I.H.Q. by the L.A. and D.C. that the registration should be altered.

Where, however, in their opinion it is desirable, the L.A. and D.C. may give permission for such other boys to be admitted to a "controlled" Group, but in such cases the Group must be subject to the provisions of Rule 10 (3) and (4).

2. The Controlling Authority obtains the right to nominate persons for appointment as Scouters of the Group in accordance with Rule 66, and the L.A. and D.C. may not consider any person for such appointment until so nominated.

3. The Controlling Authority has the right to be heard by the L.A. and the D.C. in all matters concerning any refusal of, alteration in, or cancellation of the Group registration, the issue, suspension, or cancellation of the warrant of any Scouter in the Group, or, in the circumstances set out in Rule 197 (iii), dismissal of any Scout in the Group.

4. The Controlling Authority, as such, is expected to take an interest in the general welfare of the Group, and is responsible in certain cases under Rule 10 (2) for the religious training of the Scouts, but is not concerned in matters of Scout training for which the G.S.M. is responsible to the L.A. and D.C.

Registration - procedure

181. Application for registration of a Group must be made by the prospective Scouter in charge immediately its first Section is formed, either to the D.C., who will inform the L.A., or to the L.A. Secretary, who will inform the D.C.

182. The L.A. and D.C. must satisfy themselves independently that registration is desirable, that the Group will be properly conducted, and that suitable Scouters are forthcoming.

183. (1) When both L.A. and D.C. are satisfied, recommendation is made to I.H.Q. on Form C in triplicate, which must be signed by the L.A. Secretary and by the D.C. In the case of Controlled Groups, the Forms C must also be signed by the Controlling Authority.

(2) The Forms C are sent to I.H.Q. either direct or, if it be the rule in the County, through the County Secretary.

(3) Where recommendation is refused, action under Rule 196 may become necessary.

184. On receipt of Forms C, a "Notification of Registration" is sent by I.H.Q. to the person in charge of the Group through the L.A. Secretary. I.H.Q. retain one copy of Form C, send the second to the County Secretary for record, and the third to the L.A. Secretary.

Registration - renewal

185. Registration is only effective until the next 30th September. If not renewed at the time of the annual re-registration return, under Rule 54, the Group ceases to be recognised, with effect as in Rule 178.

Registration - fees, &c.

186. The L.A. may, if desired, require a small registration fee and/or an annual subscription from each Group.
Registration - changes and transfers

187. Any changes desired in the registered title of a Group, or in the nature of the registration (as open or controlled), and from one L.A. to another, are to be dealt with by the L.As. and D.Cs. concerned in a manner similar to the foregoing procedure, but any recommendation to I.H.Q. is submitted on Form C2 in triplicate, and where a Group is to be transferred to another Count both C.Cs. must approve.

Registration - cancellation

188. A Group registration is cancelled by I.H.Q. -
   (1) on the recommendation of the L.A. and D.C. submitted if necessary in accordance with Rule 196, and after a meeting of the L.A. or its Executive Committee, at which the Scouters concerned, and in the case of controlled Groups, the Controlling Authority, are entitled to be heard;
   (2) on failure to renew the registration in any year, under Rule 185;
   (3) on cancellation of the registration of the L.A. under Rule 133.

Registration - suspension

189. A Group may be suspended –
   (1) by the D.C. who will thereupon inform the L.A. of his action;
   (2) by the L.A., in which case the D.C. must at once be informed;
   (3) as the result of suspension of the L.A., under Rule 134, except insofar as the C.C. may direct to the contrary. Any Group not suspended during suspension of the L.A. will be regarded for the time being as a Lone Group, under Rule 193.

190. During suspension all activities of the Group cease and, except insofar as may otherwise be provided by the terms of the suspension, all Group Scouters are automatically suspended with effect as under Rule 80, and no member of the Group may wear uniform or badges.

191. Suspension is to be regarded as a purely temporary measure, and must be followed as soon as possible by a full enquiry by the D.C. and L.A. jointly. The Scouters concerned, and in the case of a controlled Group, the Controlling Authority must be informed of the meeting and be given an opportunity to be heard.

192. As a result of such enquiry, the suspension must be withdrawn, or a recommendation for cancellation of the registration and/or the warrants of any Scouters must be forwarded with a full report to I.H.Q. through the C.C.

Registration - Lone Groups

193. Where on account of exceptional conditions a Group cannot be included conveniently in the area of the L.A., it may be registered as a Lone Group on the recommendation of the D.C. who will act alone in all matters relating to such a Group in accordance with Rule 151.

Registration - sections

194. (1) The addition of any further section to a Group which has already been registered requires the written approval of the L.A. and D.C., but no further registration is necessary, and no information need be sent to I.H.Q. until it is shown in the next annual re-registration return.
   (2) The formation of a Crew is in any case subject to the provisions of Rule 255.
   (3) Where approval of a new section of a Group is refused, action under Rule 196 may be required.

195. Any section of a Group may be disbanded by joint action of the L.A. or D.C., or suspended by either the L.A. or D.C. In either case, the procedure to be observed throughout is similar to that laid down in the case of Groups in Rules 188-192, except that the matter is concluded locally, and no report is made to I.H.Q. unless the case comes within Rule 196.
Registration - reports to I.H.Q.

196. A full report must be made to I.H.Q. through the C.C. whenever action is taken by the L.A. or D.C. in circumstances which reflect adversely on the character of any person concerned in any of the following cases:--

(1) Refusal to recommend the registration of a Group, or to approve the addition of a new Section to a registered Group.

(2) Recommendation for cancellation of a Group registration, or a decision to disband a Section of a Group.

Membership

197. (1) The admission of any Scout rests with the G.S.M., but in normal cases, and subject to Rule 262 (1), will generally be delegated by him to the Scouter in charge of the section concerned, who, in the case of a Scout or Rover; will act in consultation with the Court of Honour or the members of the Crew as the case may be.

(2) The approval of the G.S.M. is necessary in any case of dismissal of a Scout.

(3) In any case of dismissal, the Scout has a right of appeal to the L.A. and D.C., who in dealing with any such case will observe Rule 180 (3) and follow the procedure laid down in Part III in connection with the cancellation of a warrant of a Group Scouter.

198. A Scout can only belong to one Group, but may be temporarily attached to another, if eligible.

Transfers

199. (1) No boy may be accepted as a member of a Group within two months of leaving another Group or another recognised boys' organisation, without a written approval of the transfer by the G.S.M. of his former Group, or by the proper authority of the other organisation.

(2) In case of a dispute as to a transfer, the matter must be referred to the D.C. for decision.

Lone Scouts and Lone Rovers

200. (1) Where, on account of special circumstances, a boy is unable to be a member of a Group, the D.C., if he thinks desirable, and can arrange for subsequent supervision, may request the County Secretary to register him as a Lone Scout or as a Lone Rover.

(2) A boy may not be registered as a Lone Cub.

(3) Scouts or Rovers leaving their Groups to go to sea should apply for registration as Deep Sea Scouts and not as Lone Scouts or Lone Rovers.

Group Council

201. (1) Where the Group consists of two or more Sections, the Scouters of the Sections will meet regularly to discuss matters affecting the Group. Such meeting is called the "Group Council."

(2) The G.S.M. will be the Chairman of the Group Council.

Group Committee

202. (1) It is desirable in all cases, and necessary where outside subscriptions, or other funds as defined in Rule 208, are received, that a small committee composed of the parents of the Scouts, representatives of the Old Scout Branch, and others interested in the Group, should be formed to be responsible for Group property, and to assist the G.S.M. with finance, propaganda, and obtaining accommodation, camping grounds, and employment for the members of the Group.
(2) The G.S.M. will be a member of the Group Committee.
(3) The Group Committee is not concerned in any way with the actual training of Scouts or in the management of the Old Scout Branch.
(4) In the case of any difference of opinion between the Group Committee and the Group Council with regard to the expenditure of funds, the matter must be referred to the L.A. and D.C.

203. Members of a Group Committee are appointed or retired by the G.S.M., subject to the approval of the L.A. and D.C. given, in the case of controlled Groups, after consultation with the Controlling Authority.

Group Property
204. It is important that, where a Group possesses property of any value, such property should be vested in trustees under a Deed of Trust, of which a model form is obtainable without charge from I.H.Q.
205. In the case of a Controlled Group it is necessary to determine in the first place what part of the property, if any, belongs to the Group itself and not to the Controlling Authority; and this decision should be recorded in a letter of agreement between the G.S.M. and the Controlling Authority. Such property as it is decided belongs to the Group should, if of sufficient value, be made the subject of a properly constituted trust in accordance with Rule 204.
206. A schedule of Group property must be submitted each year to the L.A. or to the D.C. if required.

Group Finance
207. The G.S.M. must ensure that no method of raising Group funds is employed which is not in accordance with Rules 18-21.
208. Any outside subscriptions to a Group, including funds obtained from the public by the Group or its Sections, must be administered by the Group Committee acting in consultation with the Group Council.
209. Subscriptions paid by the Scouts themselves will be administered by the Section concerned, as will any sums allotted to the Section for current expenses by the Group Committee in consultation with the Group Council. The accounts of Section funds, if kept separately, will be included in the annual accounts of the Group.
210. G.S.Ms. must see that accounts of all moneys are kept, and any member of the Group concerned is entitled to inspect them. A standard form of accounts can be obtained, if desired, from I.H.Q.
211. The annual accounts of the Group must, if required, be submitted to audit by the L.A., or some person appointed by the L.A.

School Groups
212.
(1) A School Group is one which is registered as controlled by the Headmaster or Headmistress of a school and is composed entirely of boys who are, or have been, at the school.
(2) School Groups are included as controlled Groups in the ordinary scheme of administration by L.A. and D.C. It is contrary to the spirit of the Movement that any deviation from, or relaxation of, rules, other than those specified in this rule, should be permitted in School Groups. If in any special case any relaxation appears desirable, application is to be made through the D.C. to I.H.Q., whose approval will, however, only be given in exceptional circumstances.
(3) Though various reasons may prevent School Groups from mixing as fully as other Groups with local Scouts, they should keep in touch as far as possible in the spirit of the 4th Scout Law.

(4) When a Scout wishes to be connected with a School Group and also with a Group at his home, he will belong to the School Group and be attached to his home Group under Rule 198.

(5) A Scout who belongs to a School Group may, with the approval of the G.S.M. of that Group, qualify for proficiency badges under part XII, during the holidays, in any L.A.

THE CREW

Aims of Rover training
254. Rover training is a continuation of that given to Cubs and Scouts with the same objects as are laid down in Rule1, but with a wider outlook, and with the added object of helping Rovers to make useful careers for themselves and to render service to the community.

Rover Scouting covers the period during which the young man is “finding himself,” i.e., developing his character and his powers by training them in an endeavour to put into practice in a wider world the principles of the Scout Law, and continuing the use of Scout methods of training and the activities which fall under the term Scoutcraft in a manner suitable to his age.
Conditions of formation

255. Before the L.A. and D.C. approve the formation of a Crew, it is essential that there should be a suitable leader who should if possible, be a warranted R.S.L. Failing this, the L.A. and D.C. must arrange either for the G.S.M. or one of his assistants to be in charge (in which case the qualifications laid down in Rule 250 must be observed.) or for adequate supervision by the D.R.S.L. or A.D.C. for Rovers.

Joint Meetings

256. The Rovers in an L.A. may meet together as desired for Rover activities under the leadership of the A.D.C. for Rovers, the D.R.S.L., or any other Scouter (R) approved by the L.A. and D.C. Such a body of Rovers cannot be registered as a L.A. Crew or Group, since all Rovers must already be members of Groups registered under the L.A.

Activities

257. The activities of a Crew fall under the two main headings of (a) Training and (b) Service.

(a) Training activities are carried out along the lines suggested in Rules 264, 268, 269 and 270, with due regard to the needs of the younger members of the Crew. General training in Scoutcraft; Physical Education (hygiene, football, athletics, exercises, etc.); Current affairs; Homecraft, etc., should be carried out in the Crew as a normal part of its programme.

(b) Service activities entail careful selection and preparation according to the needs of the Crew as a whole, and along lines such as are suggested in "Rovering to Success."

Size and Patrols

258. (1) No minimum or maximum size is fixed for a Crew.

(2) The Crew may be subdivided into Patrols if desired.

Rover Mates and Senior Rover Mates

259. (1) A Rover Mate is a Rover elected half-yearly, annually, or biennially, by the Crew with the approval of the R.S.L., in order to help in its leadership.

(2) When there are two or more Rover Mates, one may be elected half-yearly, annually, or biannually, as Senior Rover Mate by the Crew with the approval of the R.S.L.

(3) Rover Mates and Senior Rover Mates wear uniform as in Rule 288, and badges as in Rules 318 and 319.

Seconds

260. (1) A Rover Second is selected by the Rover Mate to assist him or is elected half-yearly, annually, or biannually, by the Crew with the approval of the R.S.L.

(2) Rover Seconds wear uniform as in Rule 288, and badges as in Rule 317.

Court of Honour and internal administration

261. (1) Where the size of the Crew renders it desirable, a Court of Honour may be formed, similar in composition to that of the Troop, to deal with internal matters of discipline and administration, including the expenditure of Crew funds as defined in Rule 209.

(2) Otherwise, such matters will be dealt with by the Crew itself, subject, however to Rule 251.
THE ROVER SQUIRE

Conditions of admission to Crew

262. Before a young man is admitted by the R.S.L. to a Crew, the following conditions must be observed:--

(1) He must be approved by the G.S.M. and by the Crew.
(2) He must either be recommended by the S.M. as a Scout who is trying to act up to his Scout obligations, including the doing of good turns, or if not previously a Scout, he must be willing to learn practical Scouting, pursue the open-air life, and accept the way of life set forth in the Scout Promise and Law.
(3) The age for admission to a Crew is necessarily dependent on the physical and mental development of a boy in his progress to manhood. He must be at least 17 years of age.

263. On admission to a Crew, he is known as a Rover Squire until such time as he can be invested as a Rover.

Training as a Rover Squire

264. Before a Rover Squire can be invested as a Rover he must have fulfilled the following conditions to the satisfaction of the R.S.L. and the Crew:--

(1) Have read and studied, "Scouting for Boys" and "Rovering to Success."
(2) Have studied and understood the Scout Promise and Scout Law as they concern Rovers, and by applying them in a spirit of unselfish service to life in general.
(3) Have sufficient knowledge to train a boy of Scout age in the Tenderfoot tests.
(4) Have undergone such period of probation as the G.S.M., R.S.L. and Crew may require.

Uniform and badges

265.

(1) Rover Squires who have been Scouts, wear uniform as in Rule 287, and badges as in Rule 315.
(2) A Rover Squire who has not been a Scout and who wishes to wear uniform and badges, as in (1) above, must pass the Tenderfoot test, make the Scout Promise, and be invested as a Scout in accordance with Rules 243 and 245.

Age

266. No one who is under 17 years of age may be invested as a Rover, while it may be desirable to wait until the age of 18 has been attained before investiture.

Investiture

267. Some process of self-examination (in the form a vigil or otherwise) and an investiture, during which he will make or reaffirm the Scout Promise, are essential to emphasize the fact that as a Rover he is undertaking certain definite responsibilities. (2) That, in addition, if sailing, the boat is under the charge of a professional sailor or other experienced person.

Sea Scouts

328. The following rules, in addition to those in Rule 327, apply to Sea Scouts and Rover Sea Scouts, and where boating is part of their training, to Scouts and Rovers:

(1) No boat shall be taken over for use until the "Charge Certificate" issued for this purpose has been completed. Boat certificates must be renewed each year.
